## Your Club Needs You!!!

Do you have a skill, talent, profession, interest or expertise that your Club might be able to use?

We desperately need volunteers to help with many, many tasks within the Club. You might be a builder, roofer, auditor, plumber, surveyor, electrician, have connections within the local council, handy with a paint brush or just want to get more involved with your Club and need to know how you can best help.

We would like to compile a list of people who would be willing to give just a couple of hours of their time to solve some of the problems that we face. One of the many challenges for the year ahead is the repair of the Cygnet Pool and the potential extension of the current site to include toilets.

We would like to keep the Club's expenditure as low as possible to help keep everyone's membership costs as reasonable as we can. This initiative will form a vital part of this cost saving and help us maximise the potential of the Cygnet Pool.

Please, think about what you can do for your club and then complete the form below and return it to your Squad Representative or a Member of the Committee.

**Parent's Name:** ..... **Swimmer's Name:** .....
